

Sanger Sequencing

Built for Speed and Accuracy

Speed Meets Precision

Sanger sequencing services that span your entire workflow – delivering results you can trust within hours.

Efficiency Aligns with Expertise

With our free local pickup and expert local team, we're able to get started on your project immediately.

Resources Facilitate Effectiveness

We provide free custom bioinformatic analyses and a vast library of sequencing primers at no cost. If we don't have the primer you need, we can design and synthesize a new one right in our lab.

► We offer:

- Sanger Sequencing – Premixed
- Sanger Sequencing – Non-premixed
- Colony Sequencing

About Quintara

Quintara stands as a nationwide gene sequencing leader, spanning California, Massachusetts, Colorado, Connecticut, Maryland, and beyond. We are committed to delivering the best service to the life science community and ensuring the fastest turnarounds so your research can move forward faster.
