CTTCCGACGC
ACGAATTTCGC
GCCAATGTAG
```

Data Delivery

10K - 40K reads per sample

\$60/sample (inquire for bulk discount)

We accept amplicons of 150-500 bp

In-house INDEL/SNP and/or Abundance data analysis services available

No minimum sample number to order

Turnaround

Receive your sequencing data within 3-5 business days from the start of sample processing

Samples are processed every Wednesday and Friday. Samples must arrive at our NGS facility by 11:59 PM EST on Tuesdays and Thursdays to be eligible for the next day's run.
